

Mixed Media Sampler

Lesson Plan and Artwork by Art Category Sales Manager, Mary Reilly

Lesson Plan

Grades 1-12

Sax Lesson Plans, Art, Math,

Science

Canson

Description

Mixed Media is defined as "the using of more than one media". Students will create a Mixed Media sampler using Canson Mix Media paper as their base. The Canson Mix Media paper base will allow for exploration with both wet and dry media. Students will have the opportunity to experiment with different techniques and applications. The possible combinations of art mediums and applications are infinite.

Objectives

Students will have the opportunity to gain knowledge and experiment with a number of mediums and techniques.

Students will use their experiments and knowledge to create a sampler show casing their mixed media samples.

Supplies Needed

Canson® Mix Media Drawing Pad (More Sizes Available on saxarts.com)

Canson® Mix Media Drawing Pad - 9" x 12", 60 Sheets
1329702

Canson® Mix Media Bulk Pack Paper, 9" x 12", 100 Pack
1435467

Canson® Mix Media Bulk Pack Paper, 12" x 18", 100 Pack
1435468

Canson® Mi-Teintes® Drawing Sheets (More Assortments Available on saxarts.com)

Canson® Mi-Teintes® Drawing Sheets, Bright Assortment, 19" x 25", Pack of 10
443693

Chromacryl® Texture Paste, 8 oz.
402252

Sax® True Flow® Multi-Media Varnish, Gloss, Quart
403960

Lyra® Poly Crayons, Set of 12
1430637

Faber-Castell® Art Grip Colored Pencil Set of 12
409097

Faber-Castell® Beeswax Crayons Set of 24
1438850

Sakura® Pigma® Micron® Black Collection, Set of 16
1272521

Faber-Castell® Watercolor Connector Paint Set of 12
1438857

Playcolor® Water-Soluble Solid Tempera Sticks, Standard Size, Matte, Set of 12
1439038

Speedball® Ultimate Fabric Block Printing Kit
1439688

Lyra® Aquacolor Crayons Set of 12
1401841

Sharpie® Fine Permanent Markers, Black, Set of 12
077399

Plastic Sheets, 6" x 9", Pack of 10
401473

Standards

Content Standard #1: Understanding and applying media, techniques and processes.

Content Standard #2: Using knowledge of structures and functions.

Content Standard #5: Reflecting upon and assessing the characteristics and merits of their work and work of others.

Instructions

Step 1

Show and discuss with students mixed media art work. Have student determine the different medium used in the examples. Discuss the different techniques or approaches used in each example.

Step 2

Have students research the various mediums they will have access to for this project and share their findings with the class. This exercise will help students to understand the differences between mediums and how they will react when used together. In addition to the mediums available in the classroom students can bring in found objects to incorporate in their samples.

Step 3

Students should pick an element or object that they will recreate with different media combinations.

Step 4

Students should create six to nine different mixed media sample experiments.

Step 5

Once the student has complete his sample experiments he should cut them into uniform sizes to create his sampler. Students will assemble final samples on a piece of mat board.

Step 6

Students should present their sampler to the class and discuss the various mediums and techniques used in each sample.

Step 7

Students can use their scraps to create a group assemblage or sampler.
